SKILLS

Programming Languages

Java - Intermediate
Python - Intermediate
C++ - Basic
C - Basic
JavaScript

Web

React
Next.js

Databases

MySQL

Tools

Git
GitHub

Networking

Wireshark
Cisco Packet Tracer

LANGUAGES

English - Advanced (C1)
cert.efset.org/pt/dGACTJ

Spanish - Basic

PROFILE

Computer Science student (4th semester) with a solid foundation in logic, algorithms, and software development, with greater affinity and proficiency in Java. Seeking my first internship opportunity to join technology teams, apply theoretical knowledge to real-world scenarios, and grow professionally. Proactive, focused on problem-solving, and motivated to contribute to the development of efficient solutions.

EDUCATION

Bachelor's Degree in Computer Science

Pontifícia Universidade Católica do Paraná, Curitiba, PR | March 2025 - December 2028

Degree focused on the development of innovative technological solutions, advanced algorithms, and agile methodologies. Solid training in computer architecture, information security, and data science.

ACADEMIC EXPERIENCE

Member of the PUCPR Mobile Robotics Team

- Development of control logic and programming applied to hardware.
- Multidisciplinary teamwork to solve problems.
- Development of robots for different competition categories (Trekking, Sumo, Line Follower, Hockey, etc.).
- Participation in robotics events/competitions.

Member of the PUCPR Competitive Programming Club

- Solving complex problems involving algorithms and data structures.
- Focus on code optimization and advanced logical reasoning.

SBC 2026 Programming Marathon

29/08/2026

Participation in the first stage of the Marathon, held at UTFPR.

- National-level competition focused on developing solutions under pressure and as a team.

President of the PUCPR Volleyball Club

- Leadership and people management, training organization, and internal communication.
